# Botanical Visions Greeting Cards

As a native of Boulder, Colorado, it's no surprise that the beauty of nature has undoubtedly shaped my Artistic Perspective. From my beautiful greeting cards to the gorgeous coasters and other products, you can feel the unique vibe of nature.

I believe strongly in Art Reflecting life which I feel is accomplished by working in pencil. The soft power of close color combinations and intimate perspective reveals the beauty of the natural world. My specialty areas are Florals and Abstracts, but I do love to dabble in other art forms.
